

The *Pakenham Gazette* newspaper turns **100** this year.

100 years of reporting local news, celebrating business and helping shape our community.

2009 will be full of celebrations!

Not just for the newspaper, but for a region that epitomises all the great things that have made Australian society what it is today.

Each week the *Pakenham Gazette* will highlight those locals who have made a difference over the years. We will be publishing Centenary features in March and September and tempting readers with offers!
